

Named by Golf Digest and Golf Magazine as one of the best resort golf courses in America, Aviara Golf Club is situated within Southern California's chic luxury resort, Park Hyatt Aviara. The course overlooks the Batiquitos Lagoon nature preserve in beautiful Carlsbad, California and is the only coastal California course designed by Arnold Palmer.

As part of its storied history, the resort's \$50 million expansive renovation in 2020 introduces dramatic enhancements to the grand lobby entrance, pools, and public areas, as well as redesigned guestroom suites and upgraded event spaces.

Aviara Golf Club features a memorable layout: par 72 over 18 holes and 7,007 yards uniquely sculpted around rolling hillsides and native wildflowers. It is truly like playing golf through a botanical garden.
