

PARK HYATT AVIARA®

RESORT, GOLF CLUB & SPA
NORTH SAN DIEGO

SUSTAINABILITY AT OUR HOTEL

At Park Hyatt Aviara Resort, Golf Club & Spa, we are dedicated to sustainability, and are committed to making a difference through our daily processes. To learn more about Hyatt's sustainability efforts, [click here](#).

OVERVIEW

- Partnership with Batiquitos Lagoon Trail & Foundation
- Electric Charging Stations
- Electric golf carts
- \$6 million investment to preserve and protect the golf course for years to come
- Replaced the golf course grass, reducing water use by approximately 20 percent
- Housekeeping Service Opt-Out program for group and business traveler guests
- Culinary and Food & Beverage partnership sustainability initiatives

CLIMATE CHANGE & WATER

- Retro commissioned automation system, which senses guestroom occupancy to ensure thermostats are only active when guests are present
- Guests staying with us can forgo daily housekeeping service for the duration of their stay, helping conserve water, energy, and cleaning product usage
- Over 85% of interior lightbulbs are energy efficient. Energy efficient lightbulbs include compact fluorescent (CFL), LED, and T5/T8 fluorescent bulbs
- Fully integrated Lutron Grafix 6000 Lightning Control System for all public areas and meeting spaces on a programmable lighting schedule
- All the exterior landscape lights on time clock or photocell to manage energy draws
- Occupancy sensors for lighting in back of house to ensure lights are only active when persons are present
- Through our Conserve program, we change linens every third day unless requested otherwise, and guests may choose to reuse towels by leaving them hanging
- Our daily operational reports are used to effectively schedule heating and cooling needs
- Lights are turned on in meeting rooms only when needed
- Suggesting lower impact options for centerpieces and décor, such as potted plants rather than flower arrangements

WASTE & CIRCULARITY

- Plastic straws are not used
- All paper and plastics are migrating towards 100% compostable
- Hydration stations are available for guests who wish to refill water bottles
- All food waste that is non recoupable is isolated into composting bins
- All recoupable food waste is donated to local food banks
- All recyclables are separated from waste and picked up bi-weekly
- Mobile Entry is available through the World of Hyatt app, which reduced the number of plastic keycards handed out
- Supporting digital signage and offering Hyatt Apps to help enable a paperless meeting
- Offering reports through the Planner Portal, reducing the need to print on paper
- In addition to not replacing used towels when placed on guestroom hooks, damaged linen is donated and damaged towels are treated and recycled to be used as cleaning rags

RESPONSIBLE SOURCING

Hyatt's Food. Thoughtfully Sourced. Carefully Served. philosophy guides us in how we select ingredients that are better for people, communities, and the planet.

- Cage-free eggs are utilized in our restaurants
- Increasing sustainably sourced seafood
- Produce is organic and purchased locally
- Beef is all-natural and grass-fed
- Plant based & plant forward menu items are offered in our restaurants and for events
